SUMMARY OF INVESTMENT FUND PARTICIPANTS

	Par Amount \$(000)	% of Portfolio
Local Government Investment Pool	3,450,048	32.97%
State of Wisconsin and Agencies	4,361,939	41.69%

Note: The difference between the total of participant's unit shares (\$10,463,128) and the total of the investments (\$10,618,072) is the result of check float (checks written and posted at DOA-finance that have not yet cleared the bank) and a timing delay in posting bank receipts at DOA-Finance which have already been invested by SWIB.

AVERAGE MATURITY

For Month Ended	Avg. Days Maturity	For Month Ended	Avg. Days Maturity
2/28/2013	60	10/31/2012	76
1/31/2013	50	9/30/2012	76
12/31/2012	73	8/31/2012	61
11/30/2012	82	7/31/2012	62

Note: The Average Maturity is calculated to the next interest reset date for all floating rate securities in the portfolio. The calculation also uses the 'average life' maturity date for all asset-backed and mortgage-backed securities in the portfolio. The maturity date used for all linked and hedged securities is based on the characteristics of the resulting security package, not the underlying securities within the package.

Note: The Interest Sensitivity Report classifies securities in the portfolio by their next interest reset date. For floating rate securities, interest rate sensitivity is classified based on the interest rate reset date. The maturity date used for all linked and hedged securities is based on the characteristics of the resulting security package, not the underlying securities within the package.
